

Ask Us, Hear Us, Include Us – using the voice of our inclusion ambassadors to take forward the ADES vision for a world class education system *for all*

ADES National Conference

Inclusion Network

8th November 2024

Inclusion Ambassadors Vision

- school should help me be the best I can be
 - school is a place where children and young people learn, socialise and become prepared for life beyond school
 - success is different for everyone
 - but it is important that all the adults that children and young people come in to contact with in school get to know them as individuals. They should ask, listen and act, on what the young people say about the support that works best for them.
